February 9, 2010

Mr. Duane R. Demeritt, Operations Manager
Austell Public Works
5000 Austell-Powder Springs Road, Suite 101
Austell, Georgia 30106-2428

Dear Mr. Demeritt,

This letter serves as a disposal capacity assurance for waste generated by the City Austell from 2006 to 2017. The name of the disposal facility is Pine Ridge Landfill and is located at 105 Bailey Jester Road, Griffin, Ga. 30223.

The Georgia Environmental Protection Division permit number for this facility is 018-008D (MSWL) with a permitted capacity of 30,000,000 tons.

Based upon the estimated life of the facility, there is sufficient capacity to meet the solid waste disposal needs of the City of Austell through the year 2017.

This assurance is based upon the City of Austell disposing of approximately 96,302 tons of MSW waste at this facility between the years 2006 and 2017.

Thank you for your business partnership and we look forward to providing environmentally sound waste disposal options for the foreseeable future.

Sincerely,

A handwritten signature in black ink, appearing to read "Tim Johnson". The signature is fluid and cursive, with a long horizontal stroke extending from the end.

Tim Johnson
