Dear Mr. Lombard:

Attached for your review is the annual update to the Short-Term Work Program (STWP) and Capital Improvement Element (CIE) of the City of Acworth's Comprehensive Plan. Included with this submittal are the following:

- Resolution of the Mayor and Board of Aldermen adopting the draft updates to the STWP and CIE of the Comp Plan
- Photocopy of notice of public hearing published in newspaper of record
- The text of the STWP/CIE update, including excerpt from LCI plan, which is, by reference, a component of the update
- An independent auditor's report on development impact fees was not conducted for the City of Acworth's FY 2009 budget due to an abbreviated CAFR resulting from the 6month FY 2009 budget. However, included in the packet is the financials from the impact fees along with the spreadsheet of collections, encumbrances, and fees for review.

Please contact me if you have any questions about this information (e-mail to bdouglas@acworth.org).

Sincerely,

Brandon D. Douglas Assistant City Manager

^{**} The City of Acworth changed their fiscal year from a calendar year budget of Jan. - Dec. to a July - June fiscal year which resulted in the city conducting a 6-month budget for FY 2009. This action resulted in the city conducting an abbreviated CAFR for the six month period thus the abbreviated version of the CAFR did not include an independent auditor's report on development impact fees. However, the City's finance department has calculated the above figures which are derived from the adjoining spreadsheet entitled schedule of collections, encumbrances, and fees.
