## **2016 Annual Update:**

### **Financial Report & Community Work Program**

**Rockdale County, Georgia**

**DRAFT July 6, 2016**

## Introduction

This Capital Improvements Element Annual Update has been prepared based on the rules and regulations pertaining to impact fees in Georgia, as specified by the *Development Impact Fee Act* (DIFA) and the Department of Community Affairs (DCA) documents *Development Impact Fee Compliance Requirements* and *Standards and Procedures for Local Comprehensive Planning*. These three documents dictate the essential elements of an Annual Update, specifically the inclusion of a financial report and a schedule of improvements.

According to the *Compliance Requirements*, the Annual Update:

“...must include: 1) the Annual Report on impact fees required under O.C.G.A. 36-71-8; and 2) a new fifth year schedule of improvements, and any changes to or revisions of previously listed CIE projects, including alterations in project costs, proposed changes in funding sources, construction schedules, or project scope.” (Chapter 110-12-2-.03(2)(c))

This Annual Update itself is based on the Rockdale County Capital Im-

provements Element, as amended by the County on March 22, 2011.

## Financial Report

The Financial Report included in this document is based on the requirements of DIFA, specifically:

“As part of its annual audit process, a municipality or county shall prepare an annual report describing the amount of any development impact fees collected, encumbered, and used during the preceding year by category of public facility and service area.” (O.C.G.A. 36-71-8(d)(1))

The County’s fiscal year runs from January 1 to December 31. Thus, the financial report included here is based on the audit prepared for FY 2014. The required financial information is shown on the table on page 2, and detailed information for each public facility category appears in the tables on pages 3 through 5.

## Schedule of Improvements

In addition to the financial report, the County has prepared a five-year schedule of improvements—a community work program (CWP)—as

specified in the *Compliance Requirements* (Chapter 110-12-2-.03(2)(c)), which states that local governments that have a CIE must “update their entire Short Term [i.e., Community] Work Programs annually.”<sup>1</sup>

According to DCA’s requirements,<sup>2</sup> the CWP must include:

- A brief description of the activity;
- Legal authorization, if applicable;
- Timeframe for undertaking the activity;
- Responsible party for implementing the activity;
- Estimated cost (if any) of implementing the activity; and,
- Funding source(s), if applicable.

All of this information appears in the Community Work Program portion of this document, beginning on page 6.

<sup>1</sup> Note that DCA’s *Compliance Requirements* specify that the work program is to meet the requirements of Chapter 110-12-1-.04(7)(a), which is a reference to the work program requirements in a previous version of the *Standards and Procedures for Local Comprehensive Planning*. The correct current description is found at Chapter 110-12-1-.04(2)(b)1.

<sup>2</sup> Chapter 110-12-1-.03(3).
