**DATE:** September 27, 2017

**ARC REVIEW CODE:** R1709271

**TO:** CEO Michael Thurmond, DeKalb County  
**ATTN TO:** Andrew Baker, Director of Planning and Sustainability  
**FROM:** Douglas R. Hooker, Executive Director, ARC  
**RE:** Development of Regional Impact (DRI) Review - **Notification Only**

Digital signature  
Original on file

The Atlanta Regional Commission (ARC) has completed a preliminary regional review of the following development. ARC reviewed the development with regard to its relationship to regional plans, goals and policies – and impacts it may have on the activities, plans, goals and policies of other local jurisdictions as well as state, federal and other agencies. This report does not address whether the development is or is not in the best interest of the local government.

This proposed project does not exceed ARC's DRI review threshold for this land use in this area of the region and therefore does not warrant DRI review. It does exceed Georgia DCA's base threshold and as such is subject to this "Notification Only" process per DCA's rules.

**Name of Proposal:** Village at Mills Creek  
**Review Type:** DRI – *Notification Only*  
**Submitting Local Government:** DeKalb County  
**Date Opened:** September 27, 2017  
**Deadline for Comments:** October 6, 2017  
**Date to Close:** October 9, 2017

**Description:** The proposed development is located in unincorporated DeKalb County on a 44-acre site bounded roughly by Woodland Avenue on the west, North Decatur Road on the south, Glendale Road on the east, and Tobie Grant Park and Recreation Center on the north. The project will consist of 496 residential units, including: 100 senior living units and 280 multifamily units that have already been constructed; 60 townhomes in an imminent future phase (Phase 4); and 56 units (either single family homes or townhomes) in a final future phase (Phase 5). The Village at Mills Creek is a redevelopment of the former Tobie Grant Manor public housing community.

**PRELIMINARY COMMENTS:** According to the ARC Unified Growth Policy Map (UGPM), part of The Atlanta Region's Plan, this DRI is located in the Maturing Neighborhoods area of the region. Maturing Neighborhoods were primarily developed prior to 1970 and are typically adjacent or close to the Region Core and Regional Employment Corridors. These three areas combined represent a significant percentage of the region's jobs and population. ARC's Regional Development Guide (RDG) details recommended policies for areas on the UGPM. General information and policy recommendations for Maturing Neighborhoods are included at the bottom of these comments.

This DRI appears to manifest many aspects of regional policy in that it creates a community with a diverse mix of residential options, e.g., affordable and market rate, senior and family, renter- and owner-occupied; supports transit use given its proximity to MARTA bus service on North Decatur Road; connects to existing as well as planned new County parks and recreation facilities; features buildings with sustainability certifications; and promotes walkability with its sidewalk network and streetscaping elements.

-CONTINUED ON NEXT PAGE-

The intensity of this proposed project generally aligns with the RDG's recommended range of densities and building heights in Maturing Neighborhoods.

Further to the above, general regional policy recommendations for Maturing Neighborhoods include:

- Improve safety and quality of transit options by providing alternatives for end-of-trip facilities (such as bicycle racks) and sidewalks and/or shelters adjacent to bus stops
- Identify and remedy incidents of "food deserts" within neighborhoods, particularly in traditionally underserved neighborhoods and schools
- Promote mixed use where locally appropriate, specifically in areas served by existing or planned transit
- Develop policies and establish design standards to ensure new and infill development is compatible with existing neighborhoods

## DEVELOPMENT OF REGIONAL IMPACT – NOTIFICATION ONLY REQUEST FOR COMMENTS

Instructions: The project described in this packet has been submitted to this Regional Commission for review. Although this proposed development does not cross ARC DRI review thresholds, we would like to consider your comments on this proposed development in our Notification Only review process. Therefore, please review the information about the project included on this form and give us your comments in the space provided. The completed form should be returned to the RC on or before the specified return deadline.

**RE: Village at Mills Creek Development of Regional Impact**

Dear Mr. Smith,

This letter is to compliment the overall site plan included in this submittal. Below is a summary of the timeline of this project to date and expected future land development submittals to DeKalb County.

**PROJECT DESCRIPTION:**

Village at Mills Creek is a mixed use redevelopment that was started in 2015. The previous use of the property was 200 duplex units. These units were taken down to allow for the redevelopment of a total of 496 units. The Phase breakdown is detailed below.

**Phase 1**

100 units of senior living completed construction in 2015 on 3.7 ac. These units are currently occupied.

**Phase 2**

200 units of multifamily completed construction in 2015 on 18.5 ac. These units are currently occupied.

**Phase 3**

80 units of multifamily completed construction in 2016 on 2.3 ac. These units are currently occupied.

**Currently constructed units – 380 units on 24.5 ac.**

**Phase 4 (current phase)**

60 town homes are planned to be constructed on 7.2 ac. Site and building plans are currently under development and are expected to be submitted to DeKalb County Autumn of 2017. Construction is expected to be completed Winter of 2018.

**Total units including this phase – 440 units on 31.7 ac.**

**Phase 5 (future phase)**

56 units are planned in this future phase. The use is yet to be determined, but will likely be either single family homes or townhomes on 12.6 ac. Site and building plans are estimated to be submitted to DeKalb County Winter of 2018.

**Total buildout – 496 units on 44.3 ac.**

Should you have any questions or comments, please feel free to contact me at (404) 226-6795.

Respectfully,  
**ATWELL, LLC**
