The Atlanta Regional Commission (ARC) has completed regional review of the following proposal. Below is the ARC finding. The Atlanta Regional Commission reviewed the proposed project with regard to conflicts to regional plans, goals, and policies and impacts it might have on the activities, plans, goals, and policies of other local jurisdictions and state, federal, and other agencies.

Name of Proposal: RC-18-01FC Fulton County Airport-MALSR Replacement

Submitting Local Government: Fulton County

Review Type: Metro River

Date Opened: March 15, 2018

Date Closed: March 26, 2018

FINDING: ARC's finding is that the proposed development, while not consistent with the Chattahoochee Corridor Plan in all respects, will provide a level of land and water resource protection equivalent to an application consistent with the Plan.

Additional Comments: The project also includes work in the C and D categories. However, because there is no increase in land disturbance or impervious surface in those areas, they are not included in the review.
