

## **ADDENDUM 1**

### **DRI #2821**

**To:** Emily Estes, GRTA

**From:** Speedy Boutwell - P.E., PTOE, ISMA 3, Wilburn Engineering

**cc:** Larry Stephens, Andrew Smith, Paul DeNard, Monique Forte, James Washington, Dan Hourigan, Greg Floyd, Jenn Wilson, Jeremiah Phillips

**Date:** 08/29/2018

**Ref:** Revised Planned Transportation Improvements Section

---

### **REVISION REQUESTED**

As requested by the Georgia Regional Transportation Authority, changes were made to Midtown Atlanta project descriptions that are closely associated to the proposed Selig Development study area. These changes include a reconfiguration of the planned transportation projects mentioned on Page 11 of the submitted DRI, from a listed format to a tabular format. The projects presented below include details regarding project completion dates (if applicable), their associated project ID (if applicable), and a description of the project (provided by the entities that manage each project).

### **ADDENDUM TO THE REPORT**

There are currently three transportation projects planned within the study area and one outlying project that will influence future traffic patterns. These projects incorporate planned bicycle and transportation projects by Midtown Alliance as well as capital transportation projects planned by the City of Atlanta. These plans will be addressed in the no-build and build conditions and analyzed for impacts to existing conditions. These projects, and their planned completion dates, include:

#### **OTHER PLANNED PROJECTS CLOSELY ASSOCIATED TO THE PLANNED SELIG DEVELOPMENT**

<b>COMPLETION DATE</b>	<b>PROJECT ID</b>	<b>PROJECT DESCRIPTION</b>	<b>NOTES</b>
2020	AT-271	<b>Juniper Street Bicycle/Pedestrian Facilities –</b> 14 <sup>th</sup> Street to Ponce de Leon Avenue	Project Funding: \$3.3M in Federal grant funds, \$2.3M in Midtown Improvement District funds, \$1.3M in State grant funds, \$1.3M in City of Atlanta funds
