Madalyn,

Please see the attached revised Finding for the below-mentioned application. The revision is that the application name is now "RC-19-02SS 630 River Chase Ridge" (01SS changed to 02SS).

This change is based on information from Jim Santo indicating that the City has an application that you are already internally referring to as RC-19-01SS. When that application moves forward on our end, it will be referred to as RC-19-01SS. This means the below-mentioned application name needed to be updated accordingly so that Sandy Springs' and ARC's naming conventions align.

A digital copy of the revised Finding will be archived as of tomorrow, 6/20, at <http://www.atlantaregional.org/land-use/planreviews> by searching for "RC-19-02SS 630 River Chase Ridge" in the field at the bottom of the webpage.

Please feel free to contact me with any questions.
