The Atlanta Regional Commission (ARC) has completed a regional review of the following proposal. Below is the ARC finding. The Atlanta Regional Commission reviewed the proposed project's relationship to regional plans, goals, and policies and impacts it might have on the activities, plans, goals, and policies of other local jurisdictions and state, federal, and other agencies.

Name of Proposal: RC-21-02A City of Atlanta River Intake Pump Station

Submitting Local Government: City of Atlanta

Review Type: Metro River

Date Opened: Sept. 15, 2021

Date Closed: Sept. 25, 2021

FINDING: ARC staff has completed its review of the application for a MRPA Certificate for this proposed project in the Chattahoochee River Corridor. ARC's finding is that the project is consistent with the Chattahoochee River Corridor Plan.

Additional Comments: No comments received.
