Re: Early Coordination Request for Federally Funded Project CM-00BK-00(49), Fulton and Clayton Counties, P.I. Number 762525, EPEI Project Number PND0404

Dear Chairman,

Edwards-Pitman Environmental, Inc. has contracted with the Georgia Department of Transportation (GDOT) to assist in the preparation of the environmental documentation for the referenced project. The project number represents the construction of a multi-use path along West Fayetteville Road, Riverdale Road, Hyannis Court, Massachusetts Boulevard, Sullivan Road, Best Road, West Point Avenue, and Roosevelt Highway in Atlanta, Georgia. The trail would begin at the intersection of West Fayetteville Road and Phoenix Boulevard and would extend northward to Roosevelt Highway at the entrance to the Georgia International Convention Center. The project length would be approximately 2.77 miles. The project location is shown on the enclosed figure.

The design for the project is being developed concurrently with environmental documentation and in compliance with applicable environmental laws and regulations. This process, developed by GDOT to make our projects responsive to social, economic, and environmental concerns, offers you the opportunity to identify site-specific conditions to be addressed in the environmental assessment.

Please advise us of any known project area conditions of special concern. With your assistance, we can give these issues due consideration and integrate them into the development of the project alignment and design.

Your cooperation is appreciated. If you have any questions or need additional information, please contact me at (770) 333-9484.

Sincerely,

A handwritten signature in cursive script that reads 'Josh Earhart'.
