Re: **Early Coordination Request for Project STP00-0002-00(415), DeKalb County, P.I. Number 0002415, EPEI Reference No. MPI0800**

Dear Mr. Olens,

Edwards-Pitman Environmental, Inc. has contracted with DeKalb County to assist in the preparation of the environmental documentation for the referenced project. The proposed project is located along Glenwood Road in DeKalb County from 620 feet east of State Route (SR) 155/Candler Road to US 278/SR 12/Covington Highway. The gross project length is approximately 3.98 miles, with 0.29 miles of exception at the I-285 interchange project, for a net project length of 3.69 miles. The project would consist of improving pedestrian access along Glenwood Road by adding new sidewalks or improving existing sidewalks along the corridor. Wheelchair ramps at driveways and intersections would be added; ramps would be compliant with the Americans With Disabilities Act (ADA) to the maximum extent feasible. The proposed typical section would be an urban shoulder, including five-foot sidewalk. It is expected that the majority of the existing curb would remain in place. Retaining walls would also be used at a number of locations along the project length.

The design for the project is being developed concurrently with environmental documentation and in compliance with applicable environmental laws and regulations. This process, developed by the Georgia Department of Transportation to make projects responsive to social, economic, and environmental concerns, offers you the opportunity to identify site-specific conditions to be addressed in the environmental assessment.

Please advise us of any known project area conditions of special concern. With your assistance, we can give these issues due consideration and integrate them into the development of the project alignment and design.

Your cooperation is appreciated. If you have any questions or need additional information, please contact me at (770) 333-9484.

Sincerely,

Russ Danser, AICP
NEPA Specialist
Edwards-Pitman Environmental, Inc.
