DATA PROFILE

The Atlanta Regional Commission, in partnership with Neighborhood Nexus, is growing a data-informed decision-making culture across Georgia's social impact sector. Naturally, it all starts with data. This profile presents data on demographics, socioeconomics, commuting, and a host of other topics. To put the data in context, we present information on how Bartow County has changed over time and also how it compares to Georgia statewide. This data profile is just one example how we advance our shared mission of democratizing data.
