## Detailed Description and Justification

The New Freedom Program provides improved public transportation services and alternatives to public transportation for people with disabilities beyond those required by the Americans with Disabilities Act of 1990 (ADA). Funds are formula apportioned based on the population of persons with disabilities. 60% of the funds nationally go to designated recipients in urbanized areas over 200,000 in population. MARTA, in cooperation with ARC, is the designated recipient for these funds in the Atlanta area. New Freedom program funds are available for capital and operating expenses that assist individuals with disabilities with accessing transportation services, including to and from jobs and employment support services. For a breakdown of how these funds are used in the region, refer to the Transit Program Appendix of the TIP.
