Detailed Description and Justification

Park and Ride facilities are needed throughout the metropolitan area as part of a multi-modal transportation network. The proposed North Cherokee Park and Ride Lot project would consist of construction of a new GRTA Xpress park & ride facility on approximately 7.5 acres of land to replace a temporary park and ride facility. The subject property is located on a vacant parcel of the Prominence Point shopping center on the north side of Prominence Point Parkway, immediately to the west of its intersection with Marietta Highway (Old SR 5) in the City of Canton, and approximately 0.7 miles from Exit 14 on I-575 in north central Cherokee County. The proposed park & ride facility would consist of approximately 500 parking spaces and two passenger pavilions on a transit platform to the east side of the site, with access drives (shared with the shopping center) off of Prominence Point Parkway to the south and east for passenger and transit vehicles. This lot will allow for expansion of existing GRTA Xpress service from Canton and North Cherokee County (currently Route 490) from Canton to Downtown Atlanta with an intermediate stop at the current South Cherokee (Woodstock) Park & Ride Lot.
