

## Short Title

CANTON ROAD PEDESTRIAN FACILITIES FROM COBB COUNTY LINE TO STOCKWOOD DRIVE

## GDOT Project No.

0012601

## Federal ID No.

N/A

## Status

Programmed

## Service Type

Last Mile Connectivity / Pedestrian Facility

## Sponsor

Cherokee County

## Jurisdiction

Cherokee County

## Analysis Level

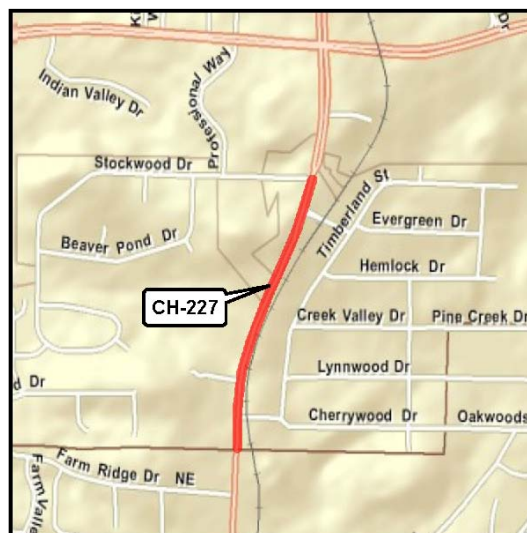

Exempt from Air Quality Analysis (40 CFR 93)

## Existing Thru Lane

N/A

## Planned Thru Lane

N/A

## Network Year

2020

## Corridor Length

0.6 miles

## Detailed Description and Justification

This project involves the construction of a sidewalk along the west side of Canton Road, beginning at the end of existing sidewalk along Canton Road, at the Cobb County line and ending at the existing sidewalk along Canton Road, at Stockwood Drive in the City of Woodstock. This section of Canton Road receives a large volume of pedestrian traffic, as is evidenced by the desire line in the area. There is a school bus stop along this corridor and many of the residents that live along the corridor walk to the commercial areas along SR 92, to the north of this area, in Woodstock, where there are existing sidewalks. The project is being funded under the Last Mile Connectivity Program, a regional program defined in PLAN 2040 to improve pedestrian and bicyclist mobility, accessibility and safety along transit corridors, within employment and commercial centers, and in the vicinity of other major origins and destinations such as schools. Both SR 92 and Canton Road are designated as Level 1 Regional Thoroughfares. This project is identified on the list of prioritized bike and pedestrian projects in the Cherokee County Comprehensive Transportation Plan, which was adopted in August 2008.

Phase Status & Funding Information		Status	FISCAL YEAR	TOTAL PHASE COST	BREAKDOWN OF TOTAL PHASE COST BY FUNDING SOURCE
