## Detailed Description and Justification

This project includes widening SR 92 (Lake Acworth Drive) from SR 3/US 41 (North Cobb Parkway) to Glade Road to a four-lane divided facility with 11-foot and 12-foot lanes. A raised concrete median varying from 8 to 20 feet, shoulders with curb and gutter, sidewalks, and multi-use trails will also be provided. This project will replace the SR 92 bridge over SR 293 (Main Street) and the CSX railroad. The double box culvert at Tanyard Creek will also be replaced with a new bridge to the west of the existing SR 92 alignment.
