Detailed Description and Justification

The Perimeter Activity Center Strategic Bicycling Implementation Plan would continue to add to the multimodal options and transportation choices available within the district and expand opportunities beyond the boundaries currently covered by the Perimeter Community Improvement Districts. The plan will build upon recommendations from a recently completed commuter trail master plan and will include elements such as bicycle advocacy, bicycle education, bicycle amenities (lockers and racks), coordination with building managers/owners to accommodate of bicycle storage during work hours, bicycle rental program, etc. This implementation is important as Perimeter continues to evolve into a livable center. A district-wide strategic plan would complement PCIDs district-wide trail system and would consider PCIDs lifelong community amenities for aging citizens. The project is being funded under the Last Mile Connectivity Program, a regional program defined in PLAN 2040 to improve pedestrian and bicyclist mobility, accessibility and safety along transit corridors, within employment and commercial centers, and in the vicinity of other major origins and destinations such as schools.

Phase Status & Funding Information	Status	FISCAL YEAR	TOTAL PHASE COST	BREAKDOWN OF TOTAL PHASE COST BY FUNDING SOURCE			
				FEDERAL	STATE	BONDS	LOCAL/PRIVATE
PE STP - Urban (>200K) (ARC)		2014	\$100,000	\$80,000	\$0,000	\$0,000	\$20,000
			\$100,000	\$80,000	\$0,000	\$0,000	\$20,000

SCP: Scoping PE: Preliminary engineering / engineering / design / planning PE-OV: GDOT oversight services for engineering ROW: Right-of-way Acquisition
 UTL: Utility relocation CST: Construction / Implementation ALL: Total estimated cost, inclusive of all phases
