Detailed Description and Justification

This project would be the 5th project along Redwine Road with the long-range goal of providing path connectivity between Fayetteville, Peachtree City and the unincorporated County. This project focuses on providing safe access to the Stars Mill School complex from nearby neighborhoods and improving overall multi-use path network connectivity in the southern portion of the county. The project scope will include a 10' wide multi-use paths along Redwine Road between Birkdale Drive and Newhaven Drive (a distance of 4,300 feet) and between Preserve Place and Foreston Place (a distance of 3,600 feet). Crossing improvements at Old Ivy / Carnoustie Way will also be made as part of the scope. The project is being funded under the Last Mile Connectivity Program, a regional program defined in PLAN 2040 to improve pedestrian and bicyclist mobility, accessibility and safety along transit corridors, within employment and commercial centers, and in the vicinity of other major origins and destinations such as schools.

Phase Status & Funding Information		Status	FISCAL YEAR	TOTAL PHASE COST	BREAKDOWN OF TOTAL PHASE COST BY FUNDING SOURCE			
					FEDERAL	STATE	BONDS	LOCAL/PRIVATE
PE	STP - Urban (>200K) (ARC)		2014	\$114,000	\$91,200	\$0,000	\$0,000	\$22,800
