<b>Existing Thru Lane</b>	N/A
<b>Planned Thru Lane</b>	N/A

<b>Network Year</b>	2015
<b>Corridor Length</b>	N/A miles

**Detailed Description and Justification**

The project involves constructing a three-leg single lane roundabout to replace the existing T-intersection of Bell Road and Boles Road. The proposed vertical section for Bell Road consists of two 11-foot lanes, a 10-foot urban shoulder with a 5-foot sidewalk on the west side, and a 16-foot urban shoulder with a 10-foot multi-use trail on the east side. The proposed typical section for Boles Road/Bell Road consists of two 11-foot lanes, a 10-foot urban shoulder with a 5-foot sidewalk on the north side, and a 16-foot urban shoulder with a 10-foot multi-use trail on the south side.
