

Short Title

PERIMETER ACTIVITY CENTER - ITS UPGRADES AND
SYSTEM EXPANSION/CONGESTION REDUCTION AND
TRAFFIC FLOW IMPROVEMENTS

GDOT Project No.

0012631

Federal ID No.

N/A

Status

Programmed

Service Type

Roadway / Operations & Safety

Sponsor

Perimeter CID - DeKalb, Perimeter CID - Fulton

Jurisdiction

DeKalb County, Fulton County (North)

Analysis Level

Exempt from Air Quality Analysis (40 CFR 93)

Existing Thru Lane

N/A

Planned Thru Lane

N/A

Network Year

2015

Corridor Length

N/A miles

No Image Available

Detailed Description and Justification

The Perimeter Community Improvement Districts have been awarded \$2.7 Million to implement a multi-jurisdictional Regional Traffic Operations Program project within the PCIDs' boundary for a period of three years. With the initiation of this program in 2012 there are system deficiencies that will require infrastructure investment by the PCIDs in order to maximize the benefit of the RTOP funds. The scope of this project includes, but is not necessarily limited to, equipment upgrades, additional cameras, signals, and conversion of video detection to loop detection. The RTOP project will be well underway in 2013 with a complete prioritized list of system deficiencies identified. PCIDs will work cross-jurisdictionally to ensure maximized system-wide impact of the existing Intelligent Transportation Systems. This project represents a collaboration with Sandy Springs, Dunwoody and DeKalb County and is included in all GDOT plans and programs. The project is being funded under the Roadway Operations and Safety Program, a regional program defined in PLAN 2040 to make smaller-scale improvements along existing roadways which are the most critical for cross-jurisdictional travel. With the exception of certain systemwide programs with broad benefits across a defined geographic area, eligibility under this program is limited to facilities on the Regional Strategic Transportation System, with additional priority given to those also identified as a Regional Thoroughfare.

Phase Status & Funding Information		Status	FISCAL YEAR	TOTAL PHASE COST	BREAKDOWN OF TOTAL PHASE COST BY FUNDING SOURCE			
					FEDERAL	STATE	BONDS	LOCAL/PRIVATE
CST	Congestion Mitigation & Air Quality Improvement (CMAQ)		2014	\$1,000,000	\$800,000	\$0,000	\$0,000	\$200,000
				\$1,000,000	\$800,000	\$0,000	\$0,000	\$200,000

SCP: Scoping PE: Preliminary engineering / engineering / design / planning PE-OV: GDOT oversight services for engineering ROW: Right-of-way Acquisition
UTL: Utility relocation CST: Construction / Implementation ALL: Total estimated cost, inclusive of all phases
