Detailed Description and Justification

This project will result in a citywide plan for identifying and prioritizing pedestrian, bicycle, and multiuse trail project, with a recommended list of projects including scope, schedule, and budget. The study will provide the opportunity to review recommendations from prior plans, including the Transportation Master Plan, North Fulton Transportation Plan, and three Livable Centers Initiative studies to create a comprehensive and cost-effective pedestrian, bicycle, and trail network both within the City and linking to neighboring communities. The study will coordinate with the Perimeter Community Improvement District's (PCID) trail plan as well as those from surrounding jurisdictions, including the Cities of Dunwoody, Brookhaven, Peachtree Corners, Roswell, and Atlanta, Cobb County, and the Cumberland CID to support regional facilities. The project is being funded under the Last Mile Connectivity Program, a regional program defined in PLAN 2040 to improve pedestrian and bicyclist mobility, accessibility and safety along transit corridors, within employment and commercial centers, and in the vicinity of other major origins and destinations such as schools.

Phase Status & Funding Information	Status	FISCAL YEAR	TOTAL PHASE COST	BREAKDOWN OF TOTAL PHASE COST BY FUNDING SOURCE			
				FEDERAL	STATE	BONDS	LOCAL/PRIVATE
PE STP - Urban (>200K) (ARC)		2013	\$100,000	\$80,000	\$0,000	\$0,000	\$20,000
			\$100,000	\$80,000	\$0,000	\$0,000	\$20,000

SCP: Scoping PE: Preliminary engineering / engineering / design / planning PE-OV: GDOT oversight services for engineering ROW: Right-of-way Acquisition
 UTL: Utility relocation CST: Construction / Implementation ALL: Total estimated cost, inclusive of all phases
