Detailed Description and Justification

This project will involve adding a three lane section along SR 120 (Abbotts Bridge Road) from Jones Bridge Road to Parson Road (west). There is a sharp curve that needs to be corrected which would involve cutting back a large hill / rock. This project also includes bike lanes, sidewalk improvements along the southern shoulder and an 8-10 ft enhanced sidewalk along the northern shoulder. The pedestrian improvements are consistent with the Johns Creek Future Sidewalk and Trail Network. This project will also connect to revised project limits of SR 120 Widening from Medlock Bridge Road to Peachtree Industrial Road in Gwinnett.
