

## Short Title

SR 279 (OLD NATIONAL HIGHWAY) PEDESTRIAN FACILITIES FROM FLAT SHOALS ROAD TO SULLIVAN ROAD

## GDOT Project No.

0006912

## Federal ID No.

CSSTP-0006-00(912)

## Status

Programmed

## Service Type

Last Mile Connectivity / Pedestrian Facility

## Sponsor

Fulton County

## Jurisdiction

Fulton County (South)

## Analysis Level

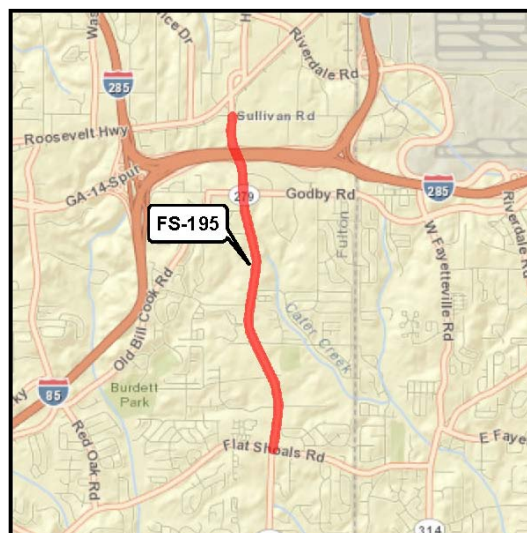

Exempt from Air Quality Analysis (40 CFR 93)

## Existing Thru Lane

N/A

## Planned Thru Lane

N/A

## Network Year

2015

## Corridor Length

2.3 miles

## Detailed Description and Justification

This project consists of constructing transit-oriented pedestrian improvements along both sides of SR 279 (Old National Highway) beginning at the northerly limit of Flat Shoals Road and continues through the Sullivan Road intersection. MARTA bus routes 89 and 189 serve the corridor. The design for both sides of Old National Highway consists of a 2-foot wide stamped concrete buffer installed at the back of the existing curb and a 5 to 6-foot wide sidewalk. Areas behind the sidewalk will be landscaped and new pedestrian lighting fixtures will be installed. The project will also provide upgrades and/or replacement of existing traffic signal poles. The project length is 2.7 miles. The project is being funded under the Last Mile Connectivity Program, a regional program defined in PLAN 2040 to improve pedestrian and bicyclist mobility, accessibility and safety along transit corridors, within employment and commercial centers, and in the vicinity of other major origins and destinations such as schools. Old National Highway is also designated as a Level 2 Regional Thoroughfare, a network of roadways identified as most critical for cross-regional mobility.

Phase Status & Funding Information		Status	FISCAL YEAR	TOTAL PHASE COST	BREAKDOWN OF TOTAL PHASE COST BY FUNDING SOURCE
