

Short Title

BUFFINGTON ROAD TRAFFIC FLOW AND PEDESTRIAN IMPROVEMENTS FROM ROYAL SOUTH PARKWAY TO US 29 (ROOSEVELT HIGHWAY)

GDOT Project No.

0007096

Federal ID No.

CSCMQ-0007-00(096)

Status

Programmed

Service Type

Last Mile Connectivity / Sidepaths and Trails

Sponsor

Fulton County

Jurisdiction

Fulton County (South)

Analysis Level

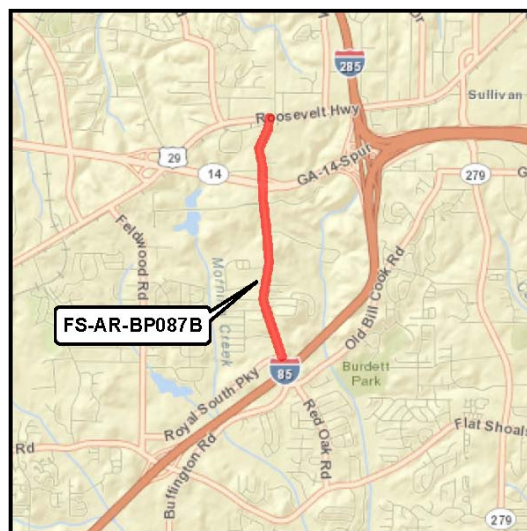

Exempt from Air Quality Analysis (40 CFR 93)

Existing Thru Lane

N/A

Planned Thru Lane

N/A

Network Year

2015

Corridor Length

1.8 miles

Detailed Description and Justification

This project extends along Buffington Road from Royal South Parkway to US 29 (Roosevelt Highway). It involves upgrading existing narrow lanes to 12' wide and installing 5' wide sidewalks on the east side and 5' to 6' wide sidewalks on the west side. The project also includes the addition of curb and gutter, a 2' wide grass strip and turning lanes at intersections located at the Vulcan plant, the Coca Cola plant, South Fulton Parkway Spur ramps and Roosevelt Highway. Signal modifications along Buffington Road at Sable Run Road, Naturally Fresh Blvd. and Roosevelt Highway will also be included. This project will improve traffic flow and increase pedestrian mobility in the area. MARTA bus route 181 serves the corridor. The project is being funded under the Freight Operations and Safety Program, a regional program defined in PLAN 2040 to improve mobility and safety for freight operators and other roadway users along a defined regional truck route network (ASTRoMaP) and at rail crossings, as well as enhancing accessibility to, from and within industrial areas located along or near that network.

Phase Status & Funding Information		Status	FISCAL YEAR	TOTAL PHASE COST	BREAKDOWN OF TOTAL PHASE COST BY FUNDING SOURCE
