Network Year

2040

Corridor Length

6.3 miles

Detailed Description and Justification

This project involves adding one general purpose lane in each direction along SR 20 (Canton Highway / Cumming Highway) between SR 369 (Hightower Road) in Cherokee County and SR 371 (Post Road) in Forsyth County. The road will feature a 24' wide grass median, plus curb and gutter and 5' wide sidewalks in urban areas. The Metro Arterial Connector (MAC) is a network of state highways approximately 180 miles in length encircling the Atlanta region. Roadways comprising the MAC (primarily SR 20 and SR 92) are proposed to have a minimum of four travel lanes along its entire length. At least 30 capacity projects are already planned along the MAC over the timeframe of the RTP. A study will be conducted to refine the MAC concept.
