Detailed Description and Justification

The proposed project is a two phase project to improve the intersection of US 78 and SR 124 in Snellville, Georgia. Phase 1 would construct a two-legged continuous flow intersection (CFI) with concrete and landscaped medians. The project termini on SR 10/US 78 for Phase 1 would be Knollwood Drive west of SR 124 and Henry Clower Boulevard east of SR 124. The termini on SR 124 would be approximately 1,000 feet north and south of the intersection with US 78. Phase 2 of the proposed project would construct an eastbound bypass on Henry Clower Boulevard. Pedestrian facilities will be incorporated in all phases of the project.
