Detailed Description and Justification

This program of projects will help increase pedestrian mobility and transit activity and consists of projects throughout the MARTA rail system in five main areas: 1) bicycle parking, 2) bicycle ramps, 3) pedestrian accessibility improvements, 4) wind screens and, 5) a mid-block crossing at Hammond Drive. Specific projects to be funded in these areas are being determined following the completion of a station inventory conducted this summer jointly by architecture, engineering and planning. Unless otherwise noted, the local match for these projects are included in "32104 – Station Access" in the adopted FY2013 MARTA Capital Improvement Program. The project is being funded under the Last Mile Connectivity Program, a regional program defined in PLAN 2040 to improve pedestrian and bicyclist mobility, accessibility and safety along transit corridors, within employment and commercial centers, and in the vicinity of other major origins and destinations such as schools.

Phase Status & Funding Information		Status	FISCAL YEAR	TOTAL PHASE COST	BREAKDOWN OF TOTAL PHASE COST BY FUNDING SOURCE			
					FEDERAL	STATE	BONDS	LOCAL/PRIVATE
PE	Local Jurisdiction/Municipality Funds		2013	\$150,000	\$0,000	\$0,000	\$0,000	\$150,000
CST	STP - Urban (>200K) (ARC)		2014	\$1,025,000	\$820,000	\$0,000	\$0,000	\$205,000
				\$1,175,000	\$820,000	\$0,000	\$0,000	\$355,000

SCP: Scoping PE: Preliminary engineering / engineering / design / planning PE-OV: GDOT oversight services for engineering ROW: Right-of-way Acquisition
 UTL: Utility relocation CST: Construction / Implementation ALL: Total estimated cost, inclusive of all phases
