Detailed Description and Justification

This project is Phase 2 of the SR 20/138 beautification improvement from the the interchange at I-20 to Centennial Olympic Parkway. This beautification project is for the "signature" interchange in Rockdale County. This corridor suffers from the obsolescence of older retail combined with limited transportation mobility and visual blight. The goal of this project is to provide beautification improvements which will result in an incentive and encourage future public/private partnerships for redevelopment of the corridor. The proposed construction will include landscaping between the existing curb and gutter and the existing right-of-way line. It will also include landscaping and beautification within the existing right-of-way at the I-20 interchange area. No sidewalk or ramp work is proposed. Signage and/or lighting improvements are also proposed.
