

## Short Title

METRO ARTERIAL CONNECTOR - SR 20 (LOGANVILLE HIGHWAY) FROM SIGMAN ROAD TO PLEASANT HILL ROAD

## GDOT Project No.

0007869

## Federal ID No.

CSSTP-0007-00(869)

## Status

Long Range

## Service Type

Roadway / General Purpose Capacity

## Sponsor

GDOT

## Jurisdiction

Regional - East

## Analysis Level

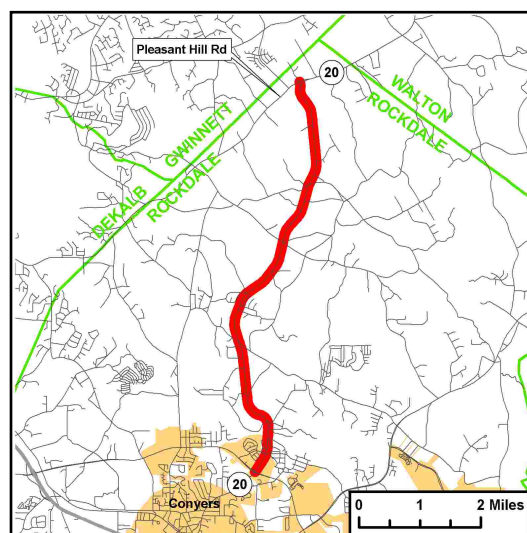

In the Region's Air Quality Conformity Analysis

## Existing Thru Lane

2

## Planned Thru Lane

4

## Network Year

2040

## Corridor Length

7.1 miles

## Detailed Description and Justification

This project involves adding one general purpose along in each direction along SR 20 (Loganville Highway) between Sigman Road and Pleasant Hill Road. The Metro Arterial Connector (MAC) is a network of state highways approximately 180 miles in length encircling the Atlanta region. Roadways comprising the MAC (primarily SR 20 and SR 92) are proposed to have a minimum of four travel lanes along its entire length. At least 30 capacity projects are already planned along the MAC over the timeframe of the RTP. A study will be conducted to determine how these individual projects can be engineered and constructed in a holistic and logical manner to maximize the mobility, safety, accessibility and growth management benefits which would best serve multimodal needs (auto, truck, transit, bicycling, walking) and include land use policies, access management regulations, and ITS components to ensure network uniformity.
