Detailed Description and Justification

This project will include development of a transition plan for Rockdale County which meets requirements of the Americans with Disabilities Act. Public entities that have responsibility or authority over streets, roads, or walkways must prepare a schedule for providing curb ramps where pedestrian walkways cross curbs. Public entities must give priority to walkways serving state and local government offices and facilities, transportation, places of public accommodation, and employees, followed by walkways serving other areas. This schedule must be included as part of the overall transition plan. The project is being funded under the Last Mile Connectivity Program, a regional program defined in PLAN 2040 to improve pedestrian and bicyclist mobility, accessibility and safety along transit corridors, within employment and commercial centers, and in the vicinity of other major origins and destinations such as schools.
