

Short Title

SR 11 BRIDGE REPLACEMENT AT APALACHEE RIVER

GDOT Project No.

132981-

Federal ID No.

BRST0-0052-01(015)

Status

Programmed

Service Type

Roadway / Operations & Safety

Sponsor

GDOT, Walton County

Jurisdiction

Walton County

Analysis Level

Exempt from Air Quality Analysis (40 CFR 93)

Existing Thru Lane

N/A

Planned Thru Lane

N/A

Network Year

2020

Corridor Length

N/A miles

Detailed Description and Justification

The project involves replacing the SR 11 bridge over the Apalachee River at the border of Walton County and Barrow County. It is currently identified as a Tier 1 priority project in the Walton County Transportation Master Plan. The project is being funded under the Roadway Operations and Safety Program, a regional program defined in PLAN 2040 to make smaller-scale improvements along existing roadways which are the most critical for cross-jurisdictional travel. With the exception of certain systemwide programs with broad benefits across a defined geographic area, eligibility under this program is limited to facilities on the Regional Strategic Transportation System, with additional priority given to those also identified as a Regional Thoroughfare. SR 11 is designated as a Level 2 Regional Thoroughfare. It is also located on the ASTRoMap network, a set of roadways identified as most critical for cross-regional truck and freight movement.

Phase Status & Funding Information		Status	FISCAL YEAR	TOTAL PHASE COST	BREAKDOWN OF TOTAL PHASE COST BY FUNDING SOURCE			
					FEDERAL	STATE	BONDS	LOCAL/PRIVATE
