

Transportation Investment Act of 2010 Final Investment List Project Fact Sheet (FINAL - January 2012)*

Identification

TIA-GW-073

Project Name

Gwinnett County Bus Services

Project Type

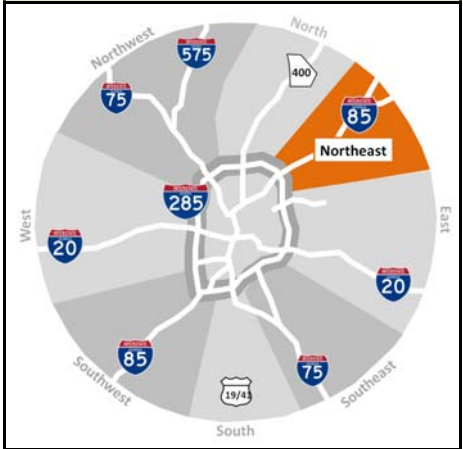

Transit

- Road Capacity Expansion
- Road Asset Management
- Road Safety / Operations
- Freight / Logistics
- Aviation
- Bicycle / Pedestrian
- Transit Network Expansion
- Transit Operations / Maint.

PLAN 2040 Status

Project not identified as a line item in PLAN 2040, but consistent with plan emphasis on preservation of existing transit services
Related Project Numbers: N/A

Location: Northeast Subregion

Description, Purpose and Benefits

The purpose of this project is to help support the day-to-day operations and potentially implement ongoing planning recommendations for the Gwinnett County Transit (GCT) system, which includes maintaining buses, facilities and equipment in a state of good repair. This funding will help support the existing GCT service level, while potentially expanding and/or altering service, as well as providing a better quality and level of service. GCT is a vital component of the overall regional transit network, providing over 2.2 million trips annually, with the majority being work trips. Maintaining a high level of service as well as a state of good repair will help to maintain existing riders and attract new riders, which supports job creation, economic development, improves air quality, reduces congestion, and improves safety on the roadway network. Total TIA funding committed to the service is \$40,000,000.

Project Length

N/A miles

These fields are only applicable to certain types of projects.

Lanes (Current)

N/A

Lanes (Proposed)

N/A

Funding Commitments

TIA Funds	\$40,000,000
Federal Funds	\$0
Local Funds*	\$0
Total Funding	\$40,000,000

(all amounts shown in current year 2011 dollars)

** Additional local funds may be identified prior to the referendum to deliver some projects.*

Implementation Band

Funds will be used throughout 2013-2022 timeframe

* This fact sheet provides supplemental scope information related to projects approved by the Atlanta Regional Roundtable on October 13, 2011. For certain project types, it may also include performance data derived through a technical analysis conducted by the Atlanta Regional Commission following approval of the investment list. Grammatical corrections and clarifications were also made to the text as necessary. No changes to project scopes, schedules or budgets were made. For the original fact sheets, as approved by the Roundtable, refer to the Final Report available at www.atlantaregionalroundtable.com.
