

Atlanta Regional Commission Invites Public Comment on the Amendment to the Regional Transportation Plan and the FY 2020-2025 Transportation Improvement Program

The Atlanta Regional Commission (ARC) will open a public review and comment period on May 5, 2022 for a Planning Amendment to be made to the Atlanta Region's Plan Regional Transportation Plan (RTP) and to the FY 2020-2025 Transportation Improvement Program (TIP).

The TIP is the mechanism by which federal, state, and local funds are approved for all significant transportation projects and programs in the region. The FY 2020-2025 TIP comprises the first six years of the Regional Transportation Plan (RTP) for the Atlanta region. As the federally recognized Metropolitan Planning Organization (MPO) for a 20-county* region, ARC is responsible for developing and amending/updating the TIP and RTP to meet federal planning requirements and address local needs.

The purpose of this amendment is to: 1) program additional fiscal year 2022 federal funding apportioned under the Infrastructure Investment and Jobs Act (IIJA), 2) incorporate new GDOT sponsored bridge upgrade projects and related federal funding, and 3) address project cost estimate and programmatic changes that are of a time sensitive nature or cannot be handled administratively.

All amendments require a conformity determination from the US DOT, in consultation with the US Environmental Protection Agency (EPA). This amendment is expected to receive an updated conformity determination by the US DOT and US EPA by June 2022. The most recent conformity determination was issued by US DOT and US EPA on March 16, 2022.

The public involvement process used to satisfy Federal Transit Administration (FTA) public participation requirements for FTA Section 5307 suballocated funds for all transit providers in the 20-county Transportation Management Area (TMA) is managed by the Atlanta-Region Transit Link (ATL) Authority which is the Designated Recipient for the Atlanta urbanized area. No changes to the current Program of Projects are being made in the Atlanta TIP at this time.
