Neighborhood Nexus is a community intelligence system providing over five thousand data variables, from the Census and many other sources, at different levels of geography. Bundled state-of-the-art visualization tools help users to understand and analyze these data. Our goal at Neighborhood Nexus is to support a network of community leaders and residents, government and businesses, advocates and service providers with the information, tools and expertise to make data-driven decisions, help meet challenges, leverage assets, and create new opportunities for policy intervention in community problems.

Neighborhood Nexus supports research, analysis, and community engagement. Our Partners use the data and tools to examine past and current socioeconomic and demographic patterns; assess correlations between the equity, health and climate of communities; identify and develop benchmarking metrics; and in so doing make better community decisions.
