Detailed Description and Justification

The proposed project is to reconfigure approximately 1.01 mile section of US 278/SR 10 from a 5-lane section to a 3-lane section from Sams Crossing to Ashton Place. This will provide multi-modal travel in each direction, widened sidewalks for pedestrian travel with ADA accessible ramps, crosswalks at intersections, landscaping, seating areas and pedestrian enhancements. There are no bridges or major structural elements proposed in this project.
