

Short Title	SR 81 WIDENING FROM EAST OF LEMON STREET TO BETHANY ROAD
GDOT Project No.	0015089
Federal ID No.	N/A
Status	Programmed
Service Type	Roadway / General Purpose Capacity
Sponsor	Henry County
Jurisdiction	Henry County
Analysis Level	In the Region's Air Quality Conformity Analysis

Existing Thru Lane	<input type="text" value="2"/>	LCI	<input type="checkbox"/>	Network Year	<input type="text" value="2030"/>
Planned Thru Lane	<input type="text" value="4"/>	Flex	<input type="checkbox"/>	Corridor Length	<input type="text" value="3"/> miles

Detailed Description and Justification

The proposed project would widen and improve SR 81 from the eastern terminus of GDOT 321530 (EW one-way pair) to Bethany Road, a distance of 3 miles. The existing facility is a two-lane highway with turn lanes at intermittent locations. Recent improvements to SR81 provided for the signalization of major intersections along the proposed project: Lake Dow Road, Racetrack Road, Old Jackson Road, Bethany Road. The proposed project would provide 12-foot basic lanes, a 20-foot raised median and urban shoulders with curb & gutter and sidewalks on both sides of the roadway. Turn lanes and median openings would be provided at appropriate locations. GDOT recently completed the conversion of east-west parallel streets through downtown to a one-way pair. SR81 follows this track along the one-way pair, and the proposed project would tie into the eastern terminus of the one-way pair project as a four-lane divided median highway.
