[^] This index is composed of 9 indicators related to early childhood well-being measured at the Census tract level; higher values reflect more favorable conditions. For more information, visit gears.org/research/readiness_radar.

[†] This category represents entities not subject to licensing by The Georgia Department of Early Care and Learning (DECAL) such as local school systems. Only providers known to DECAL are included.

[‡] Licensed Capacity indicates the maximum number of children a facility is permitted to serve based on square footage, and is typically larger than the actual number of children served.

[#] *Quality Rated* is Georgia's Quality Rating and Improvement System for child care and early learning programs. See qualityrated.org for more information.

[★] There may be overlap between Pre-K and Head Start enrollments due to braided and blended funding sources, so these categories are not summative.

QUALITY CHILD CARE IS OUT OF REACH

In many parts of Georgia, a year of quality care for an infant or toddler costs more than a year of in-state tuition at a four-year university!
